

Outdoor Banners

Technical Specifications

Size Guide

Minimum: 0.5m x 1m Maximum: 3m x 15m

Mounting Instructions

Follow these straightforward steps to secure your banner effectively:

- Use the provided heavy-duty cable ties for easy, secure mounting.
- Allow the banner’s weight to naturally reduce creases as it hangs.
- Ensure an even, balanced tension across the banner to prevent overstretching.

Alternative Mounting Options:

For added flexibility, consider bungee cords, screws, or rope, depending on your installation needs.

Care Instructions

To maintain the quality and longevity of your banner:

- Clean regularly with a damp cloth to remove dirt and debris.
- Avoid harsh chemicals or abrasive cleaning materials.
- Store rolled (not folded) in a cool, dry place when not in use.
- Remove in extreme weather, such as high winds, to prevent damage.
- Ensure proper tensioning during installation to minimise unnecessary strain.
- Periodically check eyelets and edges for wear and tear, particularly after storms.

Additional Information

Materials Information	<p>440gsm Banner PVC</p> <p>Description: Laminated PVC banner material; water-resistant and weatherproof.</p> <p>Tensile Strength: Warp 635 / Weft 451 N/5cm</p> <p>Tear Strength: Warp 125 / Weft 107 N</p> <p>Temperature Resistance: -20°C to 70°C</p> <p>330gsm Kavalan Greyback</p> <p>Description: Lightweight, phthalate-free, UV-protected, PVC-free polyester yarn.</p> <p>Tensile Strength: Warp 290 / Weft 260 N/5cm</p> <p>Tear Strength: Warp 33 / Weft 30 N</p> <p>Temperature Resistance: -40°C to 90°C</p> <p>300gsm Mesh PVC</p> <p>Description: PVC mesh with 25% airflow; ideal for low-level building wraps.</p> <p>Tensile Strength: Warp 1250 / Weft 1100 N/5cm</p> <p>Tear Strength: Warp 235 / Weft 220 N</p> <p>Temperature Resistance: -20°C to 70°C</p>
Printing Process	<p>Drop-on-demand digital inkjet printing.</p>
Finishing Method	<p>Stitched and hemmed edges.</p> <p>Plastic eyelets every 50cm or in all four corners for easy, secure installation.</p> <p>Optional: No eyelets available on request.</p> <p>Cable ties included.</p>
Environment	<p>Suitable for both indoor and outdoor use.</p>
Sustainability	<p>PVC stocks require specialist facilities for recycling.</p> <p>Kavalan and mesh materials are widely recyclable.</p>
